We have a new line of FFA goodies – FFA umbrellas.

They are 130 cm diameter, fibreglass construction, wind and storm proof – meaning that the umbrella can blow inside out and return to its original form without causing any damage.

They feature a safety push button opening system and a rubber pistol grip handle. The colour is navy blue with the FFA logo on four panels.

We have an initial batch of 25 ready to go. The price is £29.00 plus £6.00 postage and packing – or you can collect from Moor Farm, Malton, North Yorkshire if you fancy somewhere to fly to – PPR 07711 201431 or **chix@farmline.com**.

BIGATMO™

Sunglasses with altitude

Bigatmo sunglasses are designed for aviation. Our lens development program focussed on the extreme high contrast environment of the cockpit. Our lenses are made from Trivex/NXT, have excellent optical properties and mechanical strength. The lens technology provides excellent colour acuity, especially important when reading flight deck instrumentation, and our specific tints help to keep your eyes relaxed. The sculpted titanium frames will fit your head, stay in place and be extremely comfortable – even after long periods or when using a headset. Genuine flight deck/pilot feedback was used throughout the development process and continues to be listened to as we make improvements and refine future designs. Many of our customers need prescription sunglasses and eyewear. We make varifocal and single vision prescription eyewear, so if you'd like our help or advice, just get in-touch and we'll be very happy to chat with you about some possible choices:

15% DISCOUNT ON SUNGLASSES WITH STANDARD LENSES (CODE FFA15)

10% DISCOUNT ON SUNGLASSES WITH PRESCRIPTION LENSES (CODE FFA10)
